<http://fluidsurveys.com/s/addc-2015-membership-survey/>

As the president of Association of Desk and Derrick Clubs, I want to thank you for being a part of a very educational organization.

Based on your feedback from various surveys, Region Meetings, and Convention, you have expressed your concerns of the future of our Association and the value of Strategic Planning and Marketing. Your participation in the survey is vitally important to assisting the Board for the future development of our Association.

By participating in this survey, you will help the Board understand the needs of you, the members. Your responses are completely anonymous and are valued tremendously. Let's aim for 100% participation in this survey.

Sincerely,
Lori Landry
2015 ADDC President

Deadline for
survey submittal
is July 24, 2015

 it validated at check-in.**

Born in Woodward, Oklahoma, Commissioner Murphy is a fifth-generation Oklahoman deeply committed to her home state. After attending Central State University in Edmond, Oklahoma, where she received the Best All-Around Freshman Athlete award, she attended Oklahoma State University (OSU) and graduated in the top ten percent of her class with a bachelor's degree in geology. After practicing as a geologist for ten years, she obtained her law degree *cum laude* while working and attending night school at Oklahoma City University. On November 4, 2008, she was first elected to the statewide office of Oklahoma Corporation Commissioner for a partial two-year term. On July 27, 2010, she was re-elected to a full six-year term. Commissioner Murphy served as Chair of the Corporation Commission following election by her fellow Commissioners from January 3, 2011 through July 31, 2012, and currently serves as Vice Chair.

Commissioner Murphy's prior experience includes serving for almost six years as an administrative law judge at the Commission, where she was named co-employee of the year for 1997 and received the Commissioners' Public Servant Award in 2001. She has more than 22 years of experience in the petroleum industry including owning and operating a private law firm focused on oil and gas title, regulatory practice and transactional work and working as a geologist.

Commissioner Murphy is a member of the National Association of Regulatory Utility Commissioners (NARUC), where she serves on the Electricity Committee. She is the Oklahoma member and president of the Regional State Committee of Southwest Power Pool. She also serves on the Oklahoma Water Resources Research Institute Advisory Board, serves as chair of the advisory board of the Financial Research Institute, and is a member of the Oklahoma Bar Association, American Association of Petroleum Geologists, Oklahoma City Geological Society and Oklahoma Women's Coalition. In March 2007, Commissioner Murphy was recognized as an outstanding woman in energy by Energy Advocates. In 2010 she was recognized for dedicated service by the National Association of Royalty Owners and in 2011 received the Friends of Agriculture Cooperatives Award. She is also a recipient of the University of Central Oklahoma Distinguished Alumni Award for 2012. She previously served as a trustee and a care chaplain for the Church of the Servant United Methodist Church in Oklahoma City. She also serves as a member of the Salvation Army's Central Oklahoma Area Command Advisory Board.

Prior to joining the Commission, she was a member of the board of directors of Farmers Royalty Company and a member of the Edmond Chamber of Commerce. She is also a part-time personal fitness trainer. Commissioner Murphy lives in Edmond, Oklahoma, but continues to be actively involved with her family's farm and ranch in Ellis County, Oklahoma.

***Club Rules for Luncheon Meetings:**

Reservations must be made for Luncheon meetings. If you make a reservation and are subsequently unable to attend, you may send a substitute in your place. However, if you don't attend, you are still responsible for the luncheon fee. We must pay The Summit for the number of luncheons reserved, so must ask our members to reimburse us for the lunch if they made a reservation, whether it was used or not. You may attend the meeting for no fee if you wish to abstain from the buffet (no lunch=no charge) but you still need to notify the Contact Chair of your plans at reservations@tulsadandd.net

Our Bylaws state:

"A member who fails to attend the meal meeting after making a meal reservation is obligated to reimburse the Club for such meal charge. If the meal charge is not paid within thirty (30) days, subsequent to the missed meeting, the member shall not be considered in good standing and all privileges of membership will be forfeited. Such forfeited membership may be reinstated by approval of the Board of Directors."

Thank you!

DESK AND DERRICK CLUB OF TULSA
MEMBERSHIP MEETING
AT THE SUMMIT CLUB
JUNE 10, 2015

Membership Meeting Minutes

June 10, 2015

By Secretary, Brenda Bennett

President Vicki Barnes welcomed us to the June Membership Meeting of the Desk and Derrick Club of Tulsa. Vicki introduced our guests Rhonda Yarborough, guest of Dorothy Lenhart and Tina Allen guest of SM Energy. Our guest speaker was Faith Orłowski with Sneed and Lang. Vicki informed us that our motto, purpose and mission statement could be found on each table, along with our website information to take with us if we would like them.

Vicki explained the changes that we had made that day in regards to assigned seating. She told us about the social exercise for the day that included the starter questions on each table. Each table took time to introduce themselves and answer the questions allowing us to meet new people and learn more about each other.

Dorothy Lenhart gave the invocation.

The guest speaker, guests and their hostesses were invited to the buffet followed by the members.

The business meeting was called to order at 12:05 p.m.

President Vicki Barnes reported:

- Our Treasurer, Laura Louser presented the Treasurer's Report to the Board of Directors on Mon. June 1st. It was approved and will be filed for review. If any member would like a full copy of the report, please contact Laura or find it on the website with your "Members Only Secure Password".
- At Region VI Meeting in April we received Membership recognition certificates. These are awarded for members in denominations of 5 years. The members present today receiving certificates were: Kim Dent (5), Laura Louser (5), Virginia Calhoun (10), Betty Hodge (10), Marilyn Trout (25), Kay Meyerhoff (40). Vicki presented them with certificates.
- Rhonda Vardeman gave her resignation as a Director and the remaining director position will be filled by Jennifer Bryant through December 2015. Thank you to both.
- You have asked for less business and more speaker and networking time. To meet those requests, please take time to look for valuable information in our bulletin, on the website or email correspondence. I do not want to minimize anything that may be important so please let me know and we will make necessary changes.
- Vicki asked how the discussions at the table went and if there was anything that anyone would like to share.

Membership Meeting Minutes
June 10, 2015
(Continued from Page 3)

Vice-President Mary Williams reported:

- Card Condolences were sent to the bereaved members in our region from our Tulsa Club.
- Job opportunity notices were forwarded?
- Discussed upcoming IAL

Kay Williams introduced our speaker Faith Orlowski with Sneed and Lang. She had distributed an outline of her talking points for us to follow along with. She discussed Oklahoma Title Examination Standards, Masters in Jurisprudence, Oklahoma's Probate Procedures and Transfer on Death Deeds. After her discussion she answered questions from the members.

Faith was thanked for her time and presentation, was given a D&D padfolio and a donation was made in her name to the ADDC Foundation.

Presentation of Honorary Membership was given by Jill Klein to Kris Russell and Kay Meyerhoff.

Laura Disinger drew the name of the Hasty Bake fundraiser winner, who is Lil Seifried, an employee at Ceja Corporation; the winning ticket was sold by Sarah Roden. She also announced that Vicki Barnes had the highest ticket sales.

Vicki reminded the members that at the close of the meeting, before they leave to please see Betty Hodge to have their picture taken for the Roster if needed.

The meeting was adjourned at 12:57 with Vicki reminding everyone that several of our members are in job transitions. Networking can be a good way to share information so keep in touch with each other.

Vice President's Report

Hello Desk and Derrick family,

We are looking forward to the Industry Awareness Luncheon (IAL) scheduled for Wednesday, November 4, 2015 at 11:30 a.m. It will be held at the Summit Club on the 30th floor.

Our topic "Energy and the Consumer" should appeal to all consumers whether they are in the energy profession or simply a utility user or an automobile owner. Will utilities in new forms of processing for home use be very different in the next five years? What about cost? These questions and more are positioned for the IAL

Keep your future vision on as we embark upon a Summer Seminar in 2016 and Social in August 2015. More details are forth coming.

Mary L. Williams
Vice President

President's Letter

July, 2015

Dear Members,

Summer is here, family and friends are on vacation; and July 4th is the time to celebrate the freedoms we enjoy and to give thanks to all the brave men and women in our armed forces for their sacrifices. They deserve to be remembered every day.

A membership survey was sent to each of you on June 26th. I would encourage every one of you to take the time to read through and answer the questions to the best of your ability. It only took about 10 minutes to complete. This survey will help the Association leaders in planning the direction of our organization. Your voice and feedback matters.

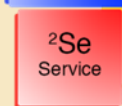

The ADDC Convention time will soon be here. Please look at the information listed ([ADDC 2015 Convention Registration](#)) and take advantage of the discounted early registration fee by July 31st. Final deadline date is September 5th. Some people may think Lubbock? What's to do and see in Lubbock? I am really excited to go and find out. College towns always have something going on. I have seen pictures and heard stories about the beauty of Palo Duro Canyon State Park. I look forward to seeing it in person. The chance to see the CO2 Enhanced Oil Recovery plant is also high on my list. After all, Oxy is recognized worldwide for its expertise in this area. Silent Wings Museum preserves the legacy of the World War II Glider pilots; Museum of Texas Tech University is the Center for Contemporary Art with a beautiful Sculpture Garden, science exhibits, planetarium, natural history and more. We may even get a look at Prairie Dog Town. They are also offering the Certification Program, featuring Geology as this year's course. There are lots of things on the convention schedule—some educational and some fun. I hope you get the chance to experience it for yourself this year.

Our August Social is in the planning stages. This is a social event, away from our lunch timeline schedules, to relax and enjoy time together. Look for more information as it becomes available.

I saw a quote by Henry Ford that said "Coming together is a beginning; keeping together is progress; working together is success." As we continue to navigate this downturn in our industry, every opportunity to make the public aware of what our organization is about and what it offers to others is key to success. Please remember that many of our members are in job transitions, so keep in touch with each other.

Hope to see you at the July 8th meeting. You never know who you will be sitting by. ☺

Vicki

Region VI Members,

Well the week with the longest amount of sunshine has come and gone, but we still have plenty of time to enjoy summer. We can pop fire crackers and have cook outs and picnic, but most importantly we can also prepare for Convention.

I am really excited about Convention. The field trips sound exciting. The Overton Hotel will be our home from Wednesday, September 16th through Sunday September 20th. The rate is \$139.00 double-quad. The deadline for making reservations is August 30th. Don't wait until the deadline as all the rooms could be booked.

Have you sent in your Registration? If not, you should probably do that now, as many of the field trips have a limited number of individuals that can attend. Also consider that if you do not get your registration sent in by the deadline, the price for Registration goes up. The Board voted and agrees that Registration this year would be \$ 200.00

How many will be attending the Certification program at Convention? This year it is Geology. It is never too late to start. Maybe attending the Certification program at convention will give you the incentive to attend at our Region VI meeting next year. If you have questions about the Certification Program, contact Latisha Campos. She has also prepared a power point and will present to you club if you would like her to do so.

Tammy Watkins and Connie Harrison are in need of Region Reps for the committees and committee chairman. If you are interested, the volunteer forms are on the website. You can also contact Tammy or me if needed. Let's get all positions filled before we arrive at Convention in September. I want to thank those of you who have already volunteered.

Every time you volunteer for a committee or a position on your local board, you learn so much more about ADDC. The more you learn the passionate you become. You then have the passion and knowledge to inform others about ADDC.

Do we have the next A.I.M.E.E. winner in Region VI? We won't know unless you submit articles and photos to your local Bulletins. I hope to hear Region VI clubs announced as winners this year at Convention. So let's get busy writing for next year as well.

Until Next Time,

Anna Lewis-McBeth

July, 2015

As we approach the second half of 2015 and the summer months of vacations, staycations and the like, in addition to some Clubs that take the summer off, we must not let our passion for ADDC waiver. Let's all continue the drive to increase our membership and spread the word!

With that said, I am happy to report that the New ADDC Prospective Member Brochures and the New ADDC Company Brochure are printed and available at ADO. With the assistance of Stevens and Stevens, your Board has done a phenomenal job of producing two outstanding brochures. Please contact Andre Martin and he will be happy to send your Club any quantity you may need.

The new and improved ADDC website is very close to completion and I can't wait to see us go live with all of the improvements!

The 2015 Nominating Committee has worked very hard this year and I am happy to present the nominees for the slate of officers for 2016:

- President-Elect: Maggi Franks
- Vice-President: Christina Forth-Matthews
- Secretary: Penny Jacobs
Terry Ligon
- Treasurer: No Nominations

As you can see, we did not receive any nominations for the office of Treasurer. If you are interested in being nominated from the floor at Convention and meet the qualifications for this office, please contact Judi Adams, Nominating Chair.

The Certification Committee has prepared an educational and enlightening PowerPoint about the Certification Program. Visit the ADDC website to view the PowerPoint and consider presenting it at your next monthly meeting in addition to any Trade Shows your Club may be participating in.

Connie Harrison, 2015 President-Elect, is currently seeking volunteers to Chair or be Regional Representatives for the 2016 year. Please consider stepping up and lending a hand by volunteering. You gain so much knowledge about the Committee and the Association when you volunteer.

Have you sent in your registration for Convention? The deadline for the \$200 registration fee is July 31, 2015. After July 31st, the registration fee goes up; so why not send in yours to beat the deadline? Also, don't forget to order your Convention T-shirt. The order forms are available on the ADDC website.

The ADDC Survey is currently available for your participation. You may complete the survey by visiting: <http://fluidsurveys.com/s/addc-2015-membership-survey/>

From: 2015 ADDC Nominating Committee

Re: Nominations for 2016 ADDC Officers

The ADDC Nominating Committee is pleased to announce the following candidates for 2016 ADDC Officers:

President-Elect	Maggi Franks, West Virginia Club – Region I
Vice President	Christina Forth-Matthews, Edmonton Club – Region VII
Secretary	Penny Jacobs, Three Rivers Club – Region I
Secretary	Terry Ligon, Graham Club - Region IV
Treasurer	No nominations received

The Slate of Candidates will be officially presented and voted on at the 2015 Convention in Lubbock, Texas.

The Candidates' Qualification and Goals are included in this mailing to the Club Presidents and will also be located on the ADDC website; Members Tab, Monthly Committee Letters.

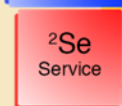

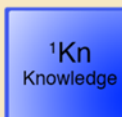

The Presentation of Candidates and Candidates' Caucus will be held during the 2015 ADDC Convention Business Session.

Sincerely,

Judi

June, 2015

Greetings!

In last month's letter I mentioned that ADO has DVD's available to you to use for your Monthly meetings. Many Clubs have taken advantage of this resource.

I'd like to offer some information on various videos in coming installment letters.

Black Gold – The Story of Oil – The History Channel

The most valuable substance on earth has brought wealth to the poor nations and nearly bankrupted wealthy ones. It has created cities overnight – sometimes destroying them just as quickly – and has caused rampant international warfare.

When a Canadian chemist found a way to turn petroleum into kerosene in the 1850's, the need for oil exploded. "Black gold" burns at the heart of the modern age, making those who control it the wealthiest and most powerful men on earth. BLACK GOLD; THE STORY OF OIL narrates the stories of these men – including John D. Rockefeller and William Mellon – and the empires they built. Learn how oil came to dominate American industry – and about the nation's current dependency – and discover why the resource continues to cause global flare-ups.

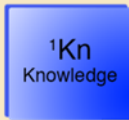

(Taken from the back cover of the DVD)

This 50 min documentary cannot be reduced to the paragraphs above. This video speaks of kerosene, electricity, the railroad, wildcatters, automobiles, and the list goes on. It is a nice and impressive overview of oil in America.

To order this video as well as see other offerings from the ADO library, please submit the DVD Order Form – ADO37 to the ADO office.

Thank you and have a wonderful Summer!!!

André Martin
ADO Manager

HISTORICAL PHOTO OF THE WEEK Do You Remember?

**Gasoline Price Sign
3500 Block East 31 - Tulsa**

This sign that may be seen today on 31st street, and is a look back at gasoline prices. The sign was probably last changed in December, 2008, when prices dropped to below \$1.30 a gallon at most stations. It is on a vacant property that had been a self-service station for years until it was demolished. There is a weathered sign at this location saying there is a Fiesta Mart planned but it has not been constructed as yet.

Gasoline prices change daily, of course. In the summer of 2005, gas was around \$2.90 a gallon. By the summer of 2008, it was \$3.90. From the summer of 2011 to the summer of 2014, gasoline average between \$3.00 to \$3.75. Currently it is around \$2.40 but that may change by this afternoon.

Public Service Announcement

FEDERAL BUREAU OF INVESTIGATION

June 23, 2015

Alert Number: I-062315-PSA

CRIMINALS CONTINUE TO DEFRAUD AND EXTORT FUNDS FROM VICTIMS USING CRYPTOWALL RANSOMWARE SCHEMES

Data from the FBI's Internet Crime Complaint Center (IC3) shows ransomware continues to spread and is infecting devices around the globe. Recent IC3 reporting identifies CryptoWall as the most current and significant ransomware threat targeting U.S. individuals and businesses.¹ CryptoWall and its variants have been used actively to target U.S. victims since April 2014. The financial impact to victims goes beyond the ransom fee itself, which is typically between \$200 and \$10,000. Many victims incur additional costs associated with network mitigation, network countermeasures, loss of productivity, legal fees, IT services, and/or the purchase of credit monitoring services for employees or customers. Between April 2014 and June 2015, the IC3 received 992 CryptoWall-related complaints, with victims reporting losses totaling over \$18 million.

These financial fraud schemes target both individuals and businesses, are usually very successful, and have a significant impact on victims. The problem begins when the victim clicks on an infected advertisement, email, or attachment, or visits an infected website. Once the victim's device is infected with the ransomware variant, the victim's files become encrypted. In most cases, once the victim pays a ransom fee, he or she regains access to the files that were encrypted. Most criminals involved in ransomware schemes demand payment in Bitcoin. Criminals prefer Bitcoin because it's easy to use, fast, publicly available, decentralized, and provides a sense of heightened security/anonymity.

If you believe you have been a victim of this type of scam, you should reach out to your local FBI field office. You may also file a complaint with the IC3 at www.IC3.gov. Please provide any relevant information in your complaint.

Tips to protect yourself:

- *Always use antivirus software and a firewall.* It's important to obtain and use antivirus software and firewalls from reputable companies. It's also important to continually maintain both of these through automatic updates.
- *Enable popup blockers.* Popups are regularly used by criminals to spread malicious software. To avoid accidental clicks on or within popups, it's best to prevent them from appearing in the first place.
- *Always back up the content on your computer.* If you back up, verify, and maintain offline copies of your personal and application data, ransomware scams will have limited impact on you. If you are targeted, instead of worrying about paying a ransom to get your data back, you can simply have your system wiped clean and then reload your files.
- *Be skeptical.* Don't click on any emails or attachments you don't recognize, and avoid suspicious websites altogether.

If you receive a ransomware popup or message on your device alerting you to an infection, immediately disconnect from the Internet to avoid any additional infections or data losses. Alert your local law enforcement personnel and file a complaint at www.IC3.gov.

¹Ransomware is a type of malware (or malicious software) that blocks access to a computer system or files until a monetary amount is paid.

Editor's Letter

By Susan Cook

I get a ton of emails; granted, most are junk. I've gotten pretty good at taking a quick glance just to see if one looks worthy of my time. Occasionally, I feel compelled to respond, but not always. I wish I could say that I treat my Desk and Derrick emails differently than other files, but I don't. The biggest problem I see with my method is that what's important to me may not be important to the ADDC President or even my own Tulsa Club President or other members. And of course, that works in the opposing directions. So when President Vicki forwarded an email from ADDC President, Lori Landry, I didn't read it entirely at first. I think I saw the term "survey" and quickly looked away. Before long, I was drawn back to it and admonished myself for preaching to you last month about responding to the "free meal" offer and here I was, basically doing what I asked you not to do. (I didn't think we should let a good opportunity slip through our hands.)

I'm happy to tell you that I completed my survey and doing so educated me. Many of the questions revolved around communication at the various Desk and Derrick levels. I found myself responding fairly negatively at the Region and Association questions, which made me consider why I felt that way. Could it be that I am the reason I feel out of the loop? After studying the survey questions again, I may have to shoulder some responsibility. Could you be guilty as well? The only way you will know for sure is to fulfill the request of our ADDC President Lori Landry.

You'll find the hyperlink on the front page of this edition if you missed the email.

Note: All submissions to The Tulsa Oil Drop can and shall be edited as necessary. Viewpoints expressed by submitters are those of the writer and not necessarily of The Desk and Derrick Club of Tulsa or the Association of Desk and Derrick Clubs (ADDCC). Email: susan@elsonoil.com with questions.
