Club News

We just had a club membership meeting (9/9/), but it seems like such a busy time; and I've missed seeing some of you. So, to keep you informed here is some of the latest scoop:

Susan Buehler, President of Topographic Land Surveyors of Oklahoma was our last speaker. She shared her viewpoint of working for a family-owned company and gave us information about the areas of interest that Topographic is involved in. Susan brought two copies of the book "Beyond Metes and Bounds", the Life of John Keating...by Bob Burke and Kate Seney Burch. John Keating was the original founder of Topographic. The book copies are moving around our club for your reading enjoyment.

Our "Welcome to the Industry" gift bags that were prepared by Secretary Brenda Bennett and distributed by Parliamentarian Val Bode brought two winning guests to our meeting. One was Betty Hodge (already a club member) and the other winner was Shelby Jones, who is enrolled in the OERB PetroTech program. I feel pretty certain we will see more of Shelby in the near future.

Club News Continued by Vicki Barnes

Membership Chairman Jill Klein took a list of people that visited our booth at the Pipeline Expo, sent them emails and invited them to learn more about our professional organization.

Education Chairman Kay Williams is preparing a Tulsa Geoscience Center Tour for Saturday September 26th at 10 am. We will have a private hands-on tour of the museum and a boxed lunch. Please remember to let Kay know if you will be joining us. This activity is open to members, non-members, and members' school aged children and grandchildren. The Geoscience Center is a wealth of information and so much fun! Hope you can make it.

Before we know it, September will be gone and then we are participating at the AAPG event Sun., Oct 4 – Tues., Oct 6 to be held at the Tulsa Hyatt Regency, downtown. For the first time, Desk and Derrick Club of Tulsa will have a booth at this event, as well as helping with registration. We hope it proves to be successful for our club, both in recognition and increased membership. Our booth this year will be promoting the new ADDC flyers, the Desk and Derrick Abbreviator and our Student Outreach Scholarships. The Exhibition portion of the tradeshow is a two day event. Please contact Kay for this event as well.

October 14 is our Orientations/Elections/Annual Meeting. This is a great time to learn something new about the club and have the chance to raise your voice about matters that count. Our Nominations Committee is already at work to present the slate of officers for 2016. Please have an open attitude if you receive a call. The Chairman is Alex Schellhorn and her committee members are Susan Cook and Dee Jansen.

Plans are well under way for our Annual IAL event that will be Wednesday, November 4th at 11:30, Tulsa Summit Club. Mary Williams, has arranged a great speaker, Sam Combs, a Special Guest, Mr. Don Glover and Special Entertainment by Duron Lewis. Mary, with the help of the Board is preparing for a successful event. Be sure to print the attached flyer, and since this is an "Industry Appreciation" event, be sure to invite your manager and co-workers. You will earn a free lunch if you have 10 or more invited guests that attend the event.

March Luncheon Meeting

Boulder. Get ticket and have
it validated at check-in.

Susan Blueher

President, Topographic Land Surveyors of Oklahoma

Susan joined the firm in 1987 after a successful career with an oilfield servicing company. Using her previous experience, Susan quickly established herself within Topographic and began interfacing with clients on a daily basis. With a focus on customer service, Susan quickly progressed within the organization culminating in her being named President of Topographic Land Surveyors of Oklahoma in 1992. As President, Susan manages all facets of the Oklahoma group and plays a leading role in pursuing company growth through her unique vision and unwavering devotion to customer service.

***Club Rules for Luncheon Meetings:**

Reservations must be made for Luncheon meetings. If you make a reservation and are subsequently unable to attend, you may send a substitute in your place. However, if you don't attend, you are still responsible for the luncheon fee. We must pay The Summit for the number of luncheons reserved, so must ask our members to reimburse us for the lunch if they made a reservation, whether it was used or not. You may attend the meeting for no fee if you wish to abstain from the buffet (no lunch = no charge) but you still need to notify the Contact Committee Chairman of your plans at reservations@tulsadandd.net

Our Bylaws state:

"A member who fails to attend the meal meeting after making a meal reservation is obligated to reimburse the Club for such meal charge. If the meal charge is not paid within thirty (30) days, subsequent to the missed meeting, the member shall not be considered in good standing and all privileges of membership will be forfeited. Such forfeited membership may be reinstated by approval of the Board of Directors."

Thank you!

Join us for a private hands-on tour of the
Tulsa Geoscience Center
Saturday – Sept 26 @ 10:00 – 12 noon

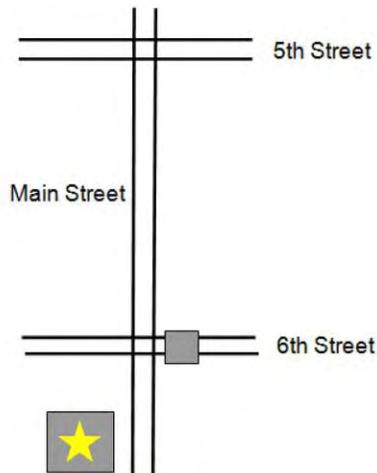

Each year, The Desk and Derrick Club of Tulsa supports the Tulsa Geoscience Center and their annual Mayfest Activity – “Fossil Dig” in the KidsZone. This is your opportunity to come see why we offer the Center our full support. You will learn about each exhibit, see how it is presented to visiting classroom students, and see the educational value and importance of it in our industry.

OPEN TO

Members, their family members (kids, grandkids, etc) and friends are welcome, however, we need a minimum of 15 participants AND

RSVPs are REQUIRED

- Lunch will be catered by Boston Avenue Grill. Cost for the box lunch is \$10 and includes your choice of turkey, ham or chicken salad sandwich, with Lettuce, Tomato, Onion and select sauces. Served with chips and a fresh baked cookie. All Sandwiches are individually prepared and packaged. **Pay at the door, cash or checks only!**
- Email Kay Williams @ kwms53@yahoo.com with the number of attendees (Adults/Children) in your group, **NO LATER THAN MON., 9/21**

Tulsa Geoscience Center ★

Deadline is October 8.

Vice President's Report

The former CEO of Oklahoma Natural Gas, Sam Combs, is the IAL speaker for November 4, 2015. The event will be held at the Summit Club in Tulsa.

I met with the IAL speaker Sam Combs and he is excited to speak on the topic "Energy and the Consumer" Where do we go from here? His November 4th IAL Engagement is one of many speaking events over the years as a consultant and leading executive in the Energy industry across the nation. His bio is impressive and extensive, and he has a very interesting gage on the effects of energy on consumers as well as the new changes that are already happening in the nation which have not affected Oklahomans at the moment.

A special Fire art demonstration will be made by guest artist Duron Lewis.

Vicki Barnes, Karen Gibbs, and Jill Klein also attended the IAL Committee Meeting, all with great ideas and much enthusiasm! A flyer is forthcoming and you will not want to miss this event!

Mary L. Williams

President's Letter

September, 2015

This is my favorite time of year. It will soon begin to get cooler, and the leaves will begin to change. The shadows look different; even the smallest pebble makes a huge shadow. When I look at my own shadow I feel tall; which makes me laugh.

As the season begins to change it leads us to think of the changes that our club and organization will make in the next few months. We have some decisions to make at convention--votes to cast--possible changes that could bring a whole new look to our organization. One of the Proposed Amendments will be to change the name of the Association of Desk and Derrick Clubs and replace it with "Energy Education Association". Another Proposed Amendment is to strike the word "clubs" and replace it with "affiliates". So you see, there are many decisions to make.

Within our own club, if you are contacted by the Nominating Committee, I hope that each of you will consider joining us on the Board. We all have individual assets that strengthen our organization. I have always been impressed with the professional quality that Desk and Derrick clubs operate under and the opportunity for growth both individually and professionally. I urge you to think carefully about your answer because we need each of you on our team

Region VI Members,

It's time for Convention! I am looking forward to seeing all members from Region VI at Convention in Lubbock. I can't wait. The field trips and seminars look to be really educational. Region V has been hard at work getting everything lined up. Remember at Convention we will be electing the ADDC officers for 2016. The club presidents have received the slate of officers for 2016. Please make your opinion know to your club president. They are the voice of the entire club membership, so your input is important.

If you have not volunteered for a committee region rep, or committee chair for the year 2016, I encourage you to step outside your comfort zone and volunteer. Each time you volunteer, you learn more. You learn about ADDC, education and the knowledge you have that impacts the ADDC.

If you have questions about the committees and what they do, feel free to contact Tammy Watkins or me. The information is also listed on our Website.

As mentioned earlier this year the board hired a marketing firm to assist in marketing ADDC. One of the things we asked of them was to update our Webpage. If you haven't taken a look, please do. Your feedback on what you like or don't like is very important to the whole membership of ADDC.

It will soon be time to gather a slate of officers for your clubs and elect them. I would like to encourage everyone to consider a position on your club board. I can honestly say that being on a club board and the ADDC board are experiences that I do not regret. The knowledge gained about how ADDC works and why it is priceless, not to mention the number of friends and mentors I have gained across the United States and Canada.

Keep in mind an exciting article or great picture that you would like to see become an A.I.M.M.E winner. The time to submit those will be here before you know. Is there a favorite President's letter you would like to see win? When the time to submit nominations comes then you are ready to provide your choices.

Looking forward to seeing you in Lubbock!

Until Next Time,

Anna Lewis-McBeth

September, 2015

Wow, September is here and Convention is only a few days away, are you ready? It takes a huge effort to plan and then host a major event such as Convention. Audra Horton, Rena Shaffer and their Committee have put in countless hours toward making this an outstanding event. I truly appreciate their dedication and willingness to take on such a huge endeavor. Region V Members are excited and ready to welcome all of you!

The ADDC Board will be meeting for the Pre-Convention meeting on the Tuesday of Convention week. We will be reviewing what the Board and committees have accomplished this year and touching on what still needs to be done. If you have any concerns or items for discussion, now is the time to let your Region Director or any member of the Board know and they can bring it up during the meeting.

As Convention quickly approaches, here are a few reminders for delegates, presidents and membership:

- The Proposed ADDC Bylaw amendments have been posted on the website and will be voted on at Convention. Please review these with your membership and come prepared to discuss and vote.
- A slate of candidates has been presented and the nominee qualifications have been posted to the website. Please review with your membership and come prepared to vote for your 2016 ADDC officers. Just a reminder that nominations are still open and there may be nominations made from the floor.
- The Rules of Convention, Convention Procedures and Parliamentary Hints have been posted on the website. Please review and bring these with you to Convention.

I would like to remind each that it is time to start putting together your packet for contest. The deadline for entry is December 15, so start choosing entries you want to send in. From the bulletins I have read this year, every club should have great entries.

I had the opportunity to represent the Association at Summer NAPE in Houston and was excited to share our new brochures and spread the word about our Association. I was able to pass on contact information to several Clubs for potential membership. While at Summer NAPE, I came in contact with Catherine Steffek with the University of Colorado Denver. She provided me with information regarding a **Free Online Energy Business Course**. We have

uploaded the link to the ADDC website and hope each of you take the time to review the website and sign up for the Free Course.

As we begin to slide into the fall and winter months, it is time to start thinking about how you would like to make an impact within your Club, Region or Association. Do you see yourself as a Committee Chair, Region Representative, Club Officer? Each of you have the abilities and skill set to be a true leader! Take a few moments to think about what challenge within ADDC you would like to take on for 2016 and get involved.

I look forward to seeing many of you in Lubbock very, very soon!!!

September, 2015

Spic and SPAM???

There is that dreaded, 4-letter word again . . . SPAM!!! And I don't mean the, "pork shoulder and ham" type of SPAM either. What I'm talking about fills up your email box and possible carries little computer viruses that rake havoc on or completely clean out your system.

Last month I sent out an email to the Leadership in hopes that it has been read by every member. I'd like to repeat the content of that email in this article. Sometimes, we need to be reminded to do what we "know in our knower" to do. Please receive this message in that spirit.

A few Members have indicated that they have received SPAM email as of late. Please know that we (The President and the Tech Crew) are aware of this and believe that the issue has been resolved!

Also, please be assured that the information listed in the directories is secure. These files have always been placed behind firewalls and under anti-virus protection mechanisms to the best of our experience and knowledge. We have even increased these with the new website rebuild. The unfortunate thing is that hackers are really good at what they do. So, we want the membership to be assured that we are doing everything we can to stay ahead of them.

Here are a few guidelines to remember in order to help us keep the ADDC protected site truly for our Members only:

1. **NEVER email the password to anyone!**
2. **Keep the login credentials in a safe place. Contact your Club President, ADO or the webmaster if you need to receive them again. We will call you with the information.**
3. **NEVER give out information to any Non-Member. Contact ADO if you are unsure.**
4. **NEVER open any links that look like SPAM emails. Usually if you "hover" your mouse over the link (BUT DO NOT CLICK ON IT!!!), it will tell you what will open if you choose to click the link. Chances are it will be some sort of virus you do not want.**
5. **ALWAYS use your gut feelings. If in doubt, again, contact the ADO or Webmaster. We are here to help and keep everything safe, secure and accurate.**

Thank you for your indulgence and have a safe time surfing the Web!!!

Saying NO to

Editor's Letter

By Susan Cook

Ch-chh-chhhhanges. That really should be my current song. I'm not just talking seasonally or Desk and Derrick-wise, but also in my life.

Some of you may know that my husband and I recently became guardians for our three youngest grandchildren. So here we are, at ages 57 and 58, raising kids again, at least temporarily. I look at it in two possible ways. Early in the mornings, I think it could keep me young. By bedtime, I wonder if it might be the death of me!

Actually, we're not doing too badly at the moment. We've gotten into a little routine, and they seem to be okay with the decisions that we, as their grandparents and guardians, are making. One thing for sure, it does keep life interesting.

I would like to echo President Vicki's urging about changes within our home club and that of the parent organization. After all, if it pertains to you, wouldn't you want to have a say in the matter? Unlike my grandchildren, who are minors (age 8, 5 and 3!), you are "majors". Stay active or get active in your own affiliate. (Did you see how willing I am to make a D&D change? I did not say/write "club".)

Note: All submissions to The Tulsa Oil Drop can and shall be edited as necessary. Viewpoints expressed by submitters are those of the writer and not necessarily of The Desk and Derrick Club of Tulsa or the Association of Desk and Derrick Clubs (ADDC). Email: susan@elsonoil.com with questions.
