ABOVE, TULSA MAYOR, G.T. BYNUM PROCLAIMED THE MONTH OF MARCH AS "DESK AND DERRICK CLUB OF TULSA AWARENESS MONTH".

The Desk and Derrick Club of Tulsa Monthly Meeting

Featured Speaker

Dawson Brotemarkle

Associate with Hall Estill

Presenting

“Production Revenue Standards Act”

Mr. Brotemarkle specializes in oil and gas litigation and has taken part in defending numerous claims brought under the Production Revenue Standards Act (“PRSA”). This presentation will highlight the key obligations imposed by the PRSA (which has greatly affected Oklahoma’s oil and gas producers and first purchasers) and steps that can be taken to avoid costly litigation resulting from a failure to comply with its requirements.

March 13th, 2019

11:30 am ~ Luncheon Buffet

Summit Club

15 W. 6th Street, BOA Building

Cost: Members \$27

Guests \$32

Make your reservations no later than

5:00 p.m. on Friday Mar. 8th:

reservations@tulsadandd.net

Or Reserve and Pay [ONLINE](#)

Free Parking – BOA parking garage (enter from Boulder) or ONEOK garage at 112 W 6th St. Bring your parking ticket to the luncheon for validation.

The Desk and Derrick Club of Tulsa promotes the education and professional development of individuals employed in or affiliated with the petroleum, energy and allied industries. Visit us at: www.TulsaDandD.net

PRESIDENT'S LETTER

Members and Friends,

What are the educational benefits of Desk and Derrick? You are already aware of the speakers and field trips offered. It is required that 6 out of 9 educational programs be energy industry related. So all the speakers and programs should benefit your professional development.

It is time for the annual scholarship. Members and their families will have a chance at a scholarship(s). The club works hard throughout the year to raise funds for the scholarships.

How about a Petroleum Tech Certificate of Completion for your career? The one-day courses are offered at Region Meetings and Conventions alternating each year. The 6 subjects for the curriculum are geology, land and leasing, drilling, completion and production, marketing, and accounting. You will find this year's courses offered in the Region Meeting and Convention packets.

Last year the Tulsa club obtained 50 Energy Activity Books with teacher guides for school-age children. The program just needs someone to take it and run with it. OERB has some excellent programs for volunteers as well that would be fun.

On the ADDC level there is the Educational Trust that grants scholarships to full-time students pursuing a degree in a major field of study related to the petroleum, energy, or allied industries. It also awards scholarships to Desk and Derrick members continuing their education to better their careers within the industry. Also, there is the ADDC Foundation that provides full or partial support for workshops, seminars, research, certification programs and educational outreach projects to help further the knowledge of our members and employees in the petroleum, energy, and allied industries.

As the Tulsa club grows it can offer even more education programs, the possibilities are endless. The benefits are there for members to use and employers to support. Our website has a great selection of industry and educational links. Your board is always willing to listen to what programs you need. We hope you will partake as we work to build professional development in the energy industries.

Greater Knowledge, Greater Service.

March 2019

Happy Desk and Derrick Awareness Month! Each year, as members, we try to make our communities, coworkers and employers aware of just how important our Association is in educating the world about energy. What does your club have planned for Desk and Derrick Awareness Month? I challenge each one of you to invite one person to attend your monthly March meeting and showcase the opportunities of membership in our Association.

We have the management company, Charity Rising, in place. We are currently feeding them the information they need to update the website. We ask for your continued patience; this is quite a task. I will keep you updated on this as progress is made.

Regional meetings are coming up next month. I encourage you to attend, and even consider attending another regional meeting besides your own. This is a perfect opportunity for networking and meeting new people within our Association.

Convention planning for Kansas City is well underway. The GAC has lined up some very interesting field trips for us and have some very informative seminars on the agenda. More information will be forthcoming. Please SAVE THE DATE:

68th Annual ADDC Convention
September 24-28, 2019
Kansas City, Missouri
Kansas City Marriott Country Club Plaza

Thank you all for your hard work and continuing support; you are truly appreciated as you are the foundation of this great Association.

"Do not let what you cannot do interfere with what you can do."

- John Wooden

ASSOCIATION OF
DESK AND DERRICK
CLUBS

March 2019

Happy St. Patrick's Day to all:

Let me start by expressing my sincere thanks to all who were able to attend the President's meeting in Oklahoma City in February. To those unable to attend please know that you were missed and we look forward to meeting with everyone at the Region Meeting in April.

Plans are well underway for an invigorating and educational meeting. The packets have been made available. Please make plans to attend and expect a great time of learning and establishing new friendships and enjoying times with friends you have known for years.

As promised I will be highlighting two of our Central Region Presidents at this time. These will not be in any particular order so here it goes.

- Pat Blanford, president of the Lone Star Club of Dallas is retired from Kasle Energy and enjoys her free time gardening, going to movies and traveling. Her goal for her club this year is to be the best club they can be and increase memberships. Yes, Pat I plan to keep you informed.
- Jamie Sabata, president of the Liberal Club currently works for Gardner Cryogenics/Air Products as an inventory control specialist. She spends her spare time (when she has some) playing golf, doing crafts and making wreaths. Her goal for her club this year is to recruit more members and encourage participation at all levels.

Many items have been flooding the email system in the past few weeks. Good news we have found a management company at a good price that we the board feel will do a good job taking care of the day to day operations of our association. Their name is Charity Rising and their operation is located in Paris, Texas. I've always wanted to see Paris.....

There are several things that will be discussed at Region meeting in April so be prepared to be amazed at all the things that are happening for ADDC.

Dates to remember are:

- April 11th - 13th Central Region Meeting in Oklahoma City, OK at the Aloft-Bricktown Hotel hosted by the OKC Club.
- September 25th - 28th 2019 ADDC Convention to be held in Kansas City, MO. More details to come. Convention is being hosted by Central Region so please plan to attend and show your support.

Start making your plans now to attend both if you can. Please do make plans to come to OKC in April. We plan to make this a meeting you will never forget.

Remember this:

"The Key to Education is the Willingness to Learn"

Till we meet in OKC have a great day :)
2019 Central Region Director

Connie Bass

Field Trip

CRYSTAL DIGGING AT THE SALT PLAINS NWR

SHOVELS AND SUNSCREEN

Due to the white salt surface, it is easy to get sunburned. Sunglasses, sunscreen and protective clothing are recommended. Drinking water is not available at the dig site -- bring water and a change of clothes, digging is a messy venture.

Saturday

May 4, 2019

Depart 7:30 am

Return 6:00 pm

(Meeting location for departure to be announced later.)

Join the Desk and Derrick Club of Tulsa on this exciting geological adventure!

Plans are to form carpools to drive to the Salt Plains. We will have a box lunch and drinks at the plains, then stop for "dutch treat" dinner on the trip back. Guests are welcome.

Please email reservations@tulsadandd.net for questions or to register.

REGISTRATION DEADLINE – April 5, 2019

UNIQUE
HOURLASS

Salt Plains National Wildlife Refuge is the only known site in the world where unique selenite crystals with hourglass inclusions are found. Because these crystals form in wet soil, sand and clay, particles are included within the crystal giving them their unique "hourglass" shape inside.

How is it done?

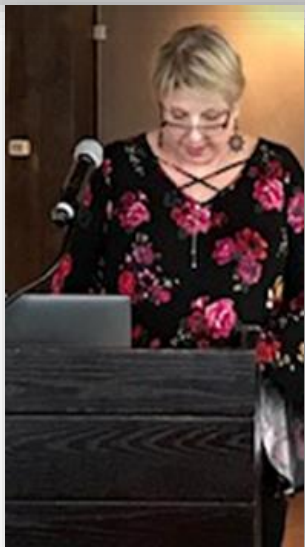

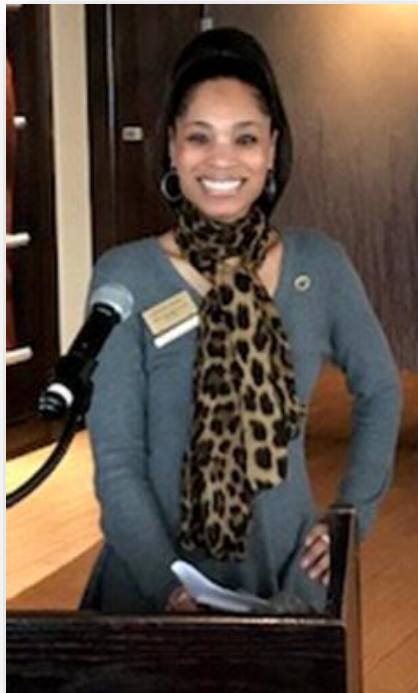

1. Use a shovel to dig a hole about two feet deep and two feet across until you reach wet sand. You may feel the shovel break through the crystals as it goes down. This cannot be helped as there is no way of predicting exactly where a bed of crystals is located.
2. Allow two or three inches of water to seep in from the bottom.
3. Use your hand or a container to splash water gently against the sides of the hole. The agitated water will wash the soil away from the crystals.
4. When you find a crystal formation, continue splashing to wash it free of the supporting sand and clay.
5. At this stage of the process, the newly exposed crystals are wet and fragile so use great care removing them.
6. After removing crystals from sand, place them where the sun and wind will dry them. Egg cartons or other containers are recommended for transporting the crystals.

February 2019 Meeting Speaker Recap

by Jill Klein

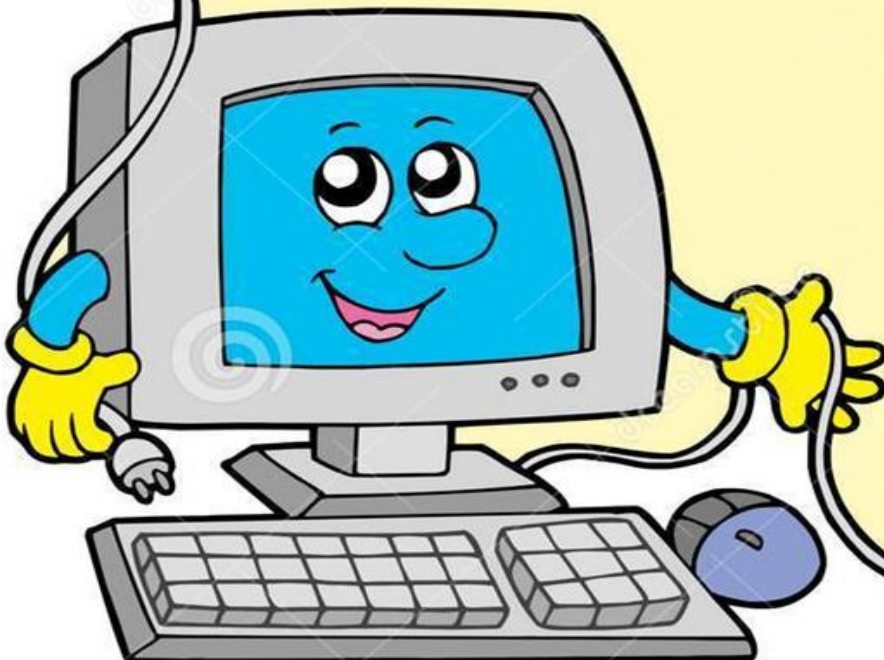

The featured speaker at the February membership meeting taught us all invaluable hints about using today's email and web with added levels of security. Scary? Yes, a little but we all plan to do better including slowing down to make sure that link is taking us where we plan to go or that email is from the person it claims to be.

Steve Kendall, General Manager of *Mindful Training* here in Tulsa and his guest, **Tim Jackson**, owner of *Jackson Technical* gave the suggestions, told about the latest scams, and answered questions that we all have concerning our security and the security of our employers.

It can really pay off to take time to hover over a link to check the address or expand the email to read the actual email address and not just the name displayed.

The club also decided to tighten up security after Steve's talk. Our webmaster, **Dorothy Lenhart**, removed all personal and work emails from the club website. Inquiries will go to the contact form or to a @tulsadandd.net email set up for the officers.

It is best to be careful when dealing with technology security and your own IT department is always willing to check out things that may not look right.

Tulsa News

A memorial service to honor and celebrate the life of Barbara Herndon, longtime Tulsa Desk and Derrick member, was held Saturday, December 22, 2018 in the River Crest Chapel, Bixby, OK. Barbara passed away on Thursday, December 13, 2018 in Tulsa. She was 80.

Born September 18, 1938 in Findlay, Ohio, Barbara was the youngest of three children welcomed by parents Ernest Andrew and Eunice (Gilliam) Herndon. She was also welcomed by a big brother, Clyde and by a big sister, Wanda. As Mr. Herndon found employment with the Skelly Oil Company, Tulsa, Oklahoma became home for the Herndon's and Tulsa is where Barbara attended schools and became a graduate of Tulsa's Central High. While in school, Barbara was a member of the band where she played drums. Music was definitely something that Barbara enjoyed as, throughout her lifetime, she sang in various church choirs and even passed a love of music down to her daughter and granddaughters.

Once finished with high school, Barbara began a long career with the Amerada Hess Company where she worked as a draftsman. She also belonged to the Desk & Derrick Club, as well as, the Daughter's of the American Revolution where she once held the office of Madam Regent.

This once upon a time 'trophy girl' at stock car races was truly one-of-a-kind. In her younger years, Barbara enjoyed bowling. This would later be replaced with taking her grandchildren on trips, spending countless hours researching genealogy and by her duties with the D.A.R.

Sophisticated, proper, proud, patriotic, thoughtful, generous, giving, independent, a bit stubborn, and elegant are all words that have been used to describe Barbara. She was thorough and detailed, even though she left enough room to change her mind a few times along the way.

Barbara often said, "Life is an adventure!" While Barbara has embarked on her new adventure, she would certainly want her family and friends to carry on with as much adventure as they could absolutely pack in.

Those Barbara leaves to cherish her memory include: her daughter, Debi Provencal and husband, Martin; four grandchildren: Lindsey Newman and husband, Daniel; Cassie Drake and husband, Tyler and their children: Addie Mae and Joey Grace; Amy Garrett and Jonathan Provencal; sister, Wanda Downen and a sister-in-law, Virginia Herndon.

It's with much sadness that I must tell you of our dear friend, Janie Torres, of the Corpus Christi club, passed away March 2nd. Janie was a ray of sunshine wherever she went. She was a Christian of strong conviction and she shared her love for the Lord with everyone. We can all be consoled with the fact that she's an angel in Heaven with the Lord and her husband she loved and missed.

Norma Donnay, NE Region member, passed away March 5th at the age of 87. Norma was a Region II member who started with the Fairfield Club in Illinois and later the Olney Club. For the "oldtimers", Norma was a wonderful lady and mentor to many. Please keep her family and friends in your prayers.

thinking
of you

Please continue to keep member, Kay Williams and husband, Myke Williams in your thoughts and prayers. Myke had heart surgery in January and is in the hospital recovering in Oklahoma City. Let's hope for his speediest recovery!

Tulsa News

Please keep Helen Lovato, Ft. Worth Club, in your prayers as she has lost two very close family members within a month. Her favorite Aunt in Denver passed away while she was preparing for her sister's services. She will be flying back to Denver for her Aunt's services on March 1. Prayers are needed and cards would be appreciated.

Also, Helen Lovato's sister Alberta "Bird" passed away February 11th. Many members met Bird at the convention last year as she was a guest of Helen. Cards may be sent to: Helen Lovato, 2721 Willow Creek Court, Bedford, TX 76021.

MARCH 15-16th, 2019

The Tulsa Irish Festival is an experience you don't want to miss! People with their families, young and old, come from all over dressed in their best Irish colors to enjoy the sounds of authentic Irish music, traditional Irish dancing, a wide variety of handmade goods, and of course, some very tasty treats as well!

Sponsors include several oil and gas companies in Oklahoma, including Citizen Energy, Hall Estill, Laredo Petroleum, Rebellion Energy, and Rimrock Resource Operating.

VOLUNTEERS NEEDED:

Would you like to help make this festival awesome? You can sign up to be a volunteer

2019 Vision Meeting

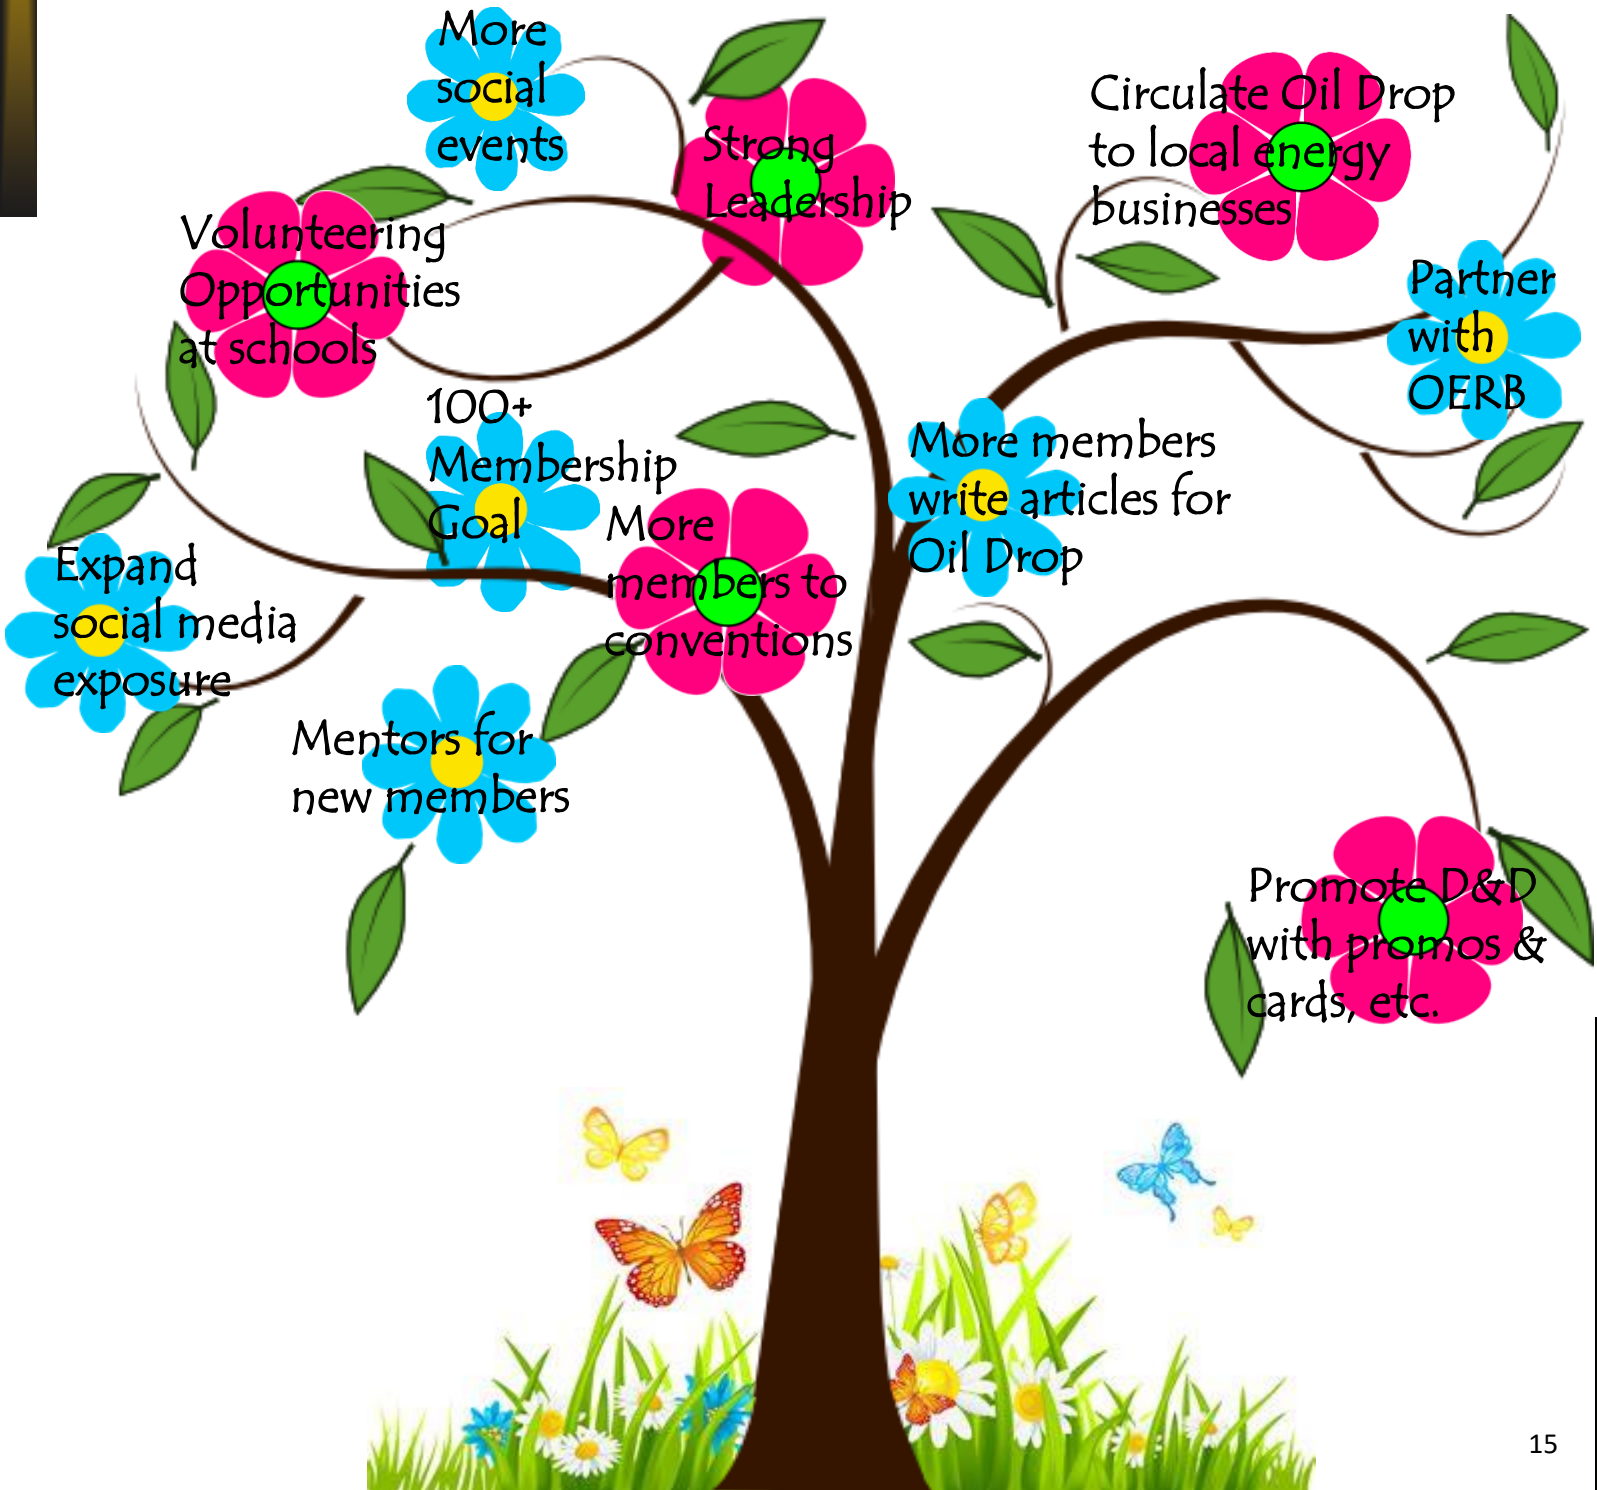

2019 Vision Meeting

by Kathy Staton

As you can see from the pictures on the previous page we had such a fun time eating, drinking and exchanging ideas at this year's Vision Meeting in February! Our club is growing so fast and so many great ideas were shared. I used a tree as an analogy for the our club's growth. Here are some of the ideas we discussed:

2019 March

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
					1	2
3	Board Meeting (lunch)	4	5	6	7	8 <i>Melissa Woolridge</i>
10	<i>Kathy Staton</i>	11	12 <i>Member Lunch</i>	13 <i>Laura Fouser</i>	14	15
17	18	19	20	21 D&D Happy Hour	22	23
24	25	26	27	28	29	30
31						

APRIL BIRTHDAYS

- 4/03 *Lo Lee*
- 4/06 *Rebecca Bourland*
- 4/12 *Jeremiah Bradshaw*
